

Mastering Adobe Acrobat 8.0 Professional

Tuesday, July 29, 2008

8:30–4:00 p.m.

Most people agree that Acrobat and PDFs have the potential to dramatically improve your workflow, but do you know how to create a PDF that your prepress facility or commercial printer can use?

You may be familiar with Acrobat, but do you know it well enough to call yourself an Adobe Certified Expert? This class will cover all the areas found on the Adobe Certified Expert Exam and more!

You will learn the differences between the various PDF/X standards and why you would pick one over the other.

Attendees will learn to:

- Create and preflight PDF's using Acrobat 8.0 Professional
- Apply powerful PDF editing techniques
- Enhance workflow with the Print Production Tools
- Create dynamic and interactive forms
- Learn professional tips and techniques

Workshop Leader: James Wamser

James Wamser, Senior Training Specialist, Sells Printing Company, is an Adobe Certified Instructor (ACI) Print Specialist with over 16 years of experience in the graphic arts industry. James provides training and technical support for Sells' customers as well as its prepress department. James has been working with Adobe InDesign prior to the release of version 1.0, and is an InDesign instructor at Waukesha County Technical College.
